

CANNON BARN COVID SAFETY PRECAUTIONS

We will be deep cleaning Cannon Barn between bookings in accordance with the Government Guidelines.

Towels and linen will be washed in accordance with the Government Guidelines.

There will be a Hand Sanitiser inside the Front Door and, as has always been, soap dispensers in all washing areas, also Kitchen and Utility Room.

Unfortunately, due to the fact it is not possible to sanitise these items we have had to remove all toys, games, books, magazines and tourist information. We are also removing the instruction leaflets on the use of all the electrical items. As so many things all the product information on these items can be found on-line. If you need any help regarding the equipment in Cannon Barn you can contact us, we are close by so can help almost immediately.

We hope you understand the changes we are making and we can work together in these very trying circumstances.

We welcome everyone back and also anyone new to us. We hope your holiday experience is as close as possible to normal.

Anne & Peter Reed
